

Hello All!

I hope you all are enjoying your summer break. Before we all know it the school year will be upon us and the next season of the school year will start. To get ready for school we always collect things to help make the school year a bit easier. We use a lot of collective supplies in my room and since we don't have desks for the students to store their supplies, each student does not need to bring or carry a lot to class every day. I've divided the list into must haves, nice to haves, and donate to collective supplies. I'm so excited to start another school year soon. Enjoy the rest of your summer with your little ones!

MUST HAVES

1 ½ in. HEAVY DUTY Binder (Students will carry this from room to room)
Headphones (wired headphones work best)
Mouse for Chromebook (bluetooth ones are ok, but sometimes glitch)
Water Bottle
Inside Shoes (these will stay at school everyday)

NICE TO HAVE

Clipboard (hard plastic ones last longer)
Pencil Box (if they choose to carry one)

COLLECTIVE SUPPLIES

Colored Pencils
Pencils
Markers (thin or wide)
Crayons
Kleenex
Sanitizer Wipes
Pencil Top Erasers

Mrs. Ray will have the beginning of school paperwork as she does every year. Mrs. Ray will also be collecting the \$5 fee for the student planner. We will be using this not only as a communication tool, but a way for students to become more self-sufficient with their assignments and work.

Blessings to you,
Kristina Wernette
